## Castle crushers pet guide

Castle crushers remastered pet guide.

Effect only extends to the player, so only the player with Zebra can get fruit in grass patches every single time. Rammy can also Poison, Shock, Freeze, Ignite, or Critical Strike, depending on the weapon effect. The player then exits the game. Animal Orbs, also called pets by many players, are creatures found throughout the game that provide various bonuses and enhancements. See also Weapons Playable Characters Animal Orb Tiers Required: Defeat Pipistrello. Using 2 Bombs, items that can be bought before entering Sand Castle Interior or if playing as Conehead, Royal Guard, or Gray Knight, use their Magic Projectile or Air Projectile, to destroy the wall. The Animal Ark houses all of the player's unlocked Animal Orbs. Similar to Seahorse, Snailburt is out in the open. Every single stat-boosting Animal Orb, bar Chicken, was buffed in the PC version of Castle Crushers and Castle Crushers Remastered. Using 2 Bombs, items that can be bought before entering Cyclops' Fortress or if playing as Conehead, Royal Guard, or Gray Knight, use their Magic Projectile or Air Projectile or, alternatively, bait the enemy Coneheads into bombing the wall for you, to destroy the wall. Play through the later midpoint of the level. Pursue the Saracen and kill him before he escapes into the sandcastle. PC/Remastered: Can be purchased for 455 gold. The following locations where Zebra's effect happens are in Home Castle, Blacksmith, Barbarian War, Forest Entrance, Thieves' Forest, Thieves' Store, Marsh, and Swamp Village Store. Snoot Effect: +2 Strength (Xbox 360/PS3), +4 Strength (PC/Remastered). Pipistrello will then shrink in size, turning into Bitey Bat. Meowburt Effect: Agility +3 (Xbox 360/PS3), Agility +4 (PC/Remastered). Trivia Players with Animal Orbs playing through the Full Moon level. However, only 28 are required to unlock the Animal Handler achievement. In addition to this, strange locations where Owllet's ability still triggers. Required: Defeat the Bear Boss to obtain it. Location: Desert Chase. Giraffey Effect: Increases XP gain by 10% (+1.1x). Bitey Bat Effect: Hovers over the head of an enemy at random and holds the enemy in place, while slightly damaging the enemy. Player 2 selects the pet that Player 1 chose. Items can still disappear in his grasp. Hidden Effect: Increases the player's Agility by +2 (PC/Remastered). Exit out of the level and head out to Blacksmith. Zebra Effect: Finds fruit in grass patches 100% of the time, bar Splash Attack. During the midpoint of the level, there is a cracked wall with Troll peeking out of it. There is another way to do the trick: Player 1 first gets the pet from the animal ark. Enter the door and Beholder will be at the room with nothing in it. Using the Horn, an item found before entering Snow World, near the Horn sign at the cave entrance leading to the Ice Castle level and BiPolar Bear will appear. Location: Forest Entrance. Now both players should have the pet. Right before climbing up the rock wall leading to the Frost King and Cyclops cutscene, there will be a cleverly disguised cave with a giant boulder blocking the entrance. Location: Animal Ark. It can only have one piece of fruit at a time. Burly Bear Effect: Strength +3, Defense +1 (PC/Remastered). Required: 3 Bombs. All pecks do 1 damage, which earns you XP with each peck. Location: Church Store. Hit the door with the recently unlocked Key Sword and the door will unlock. Required: Horn. Before entering the Thieves' Forest level, there will be musical notes playing near the bushes. Use the Magic Jump or a combo that can elevate the player to reach Sherbert. PC/Remastered: Insane Store. Location: Home Castle. Location: Marsh. Location: Desert. At the second enclave, which is cracked. After completing the Parade level or start up the Cyclops' Cave level, exit out of the cave entrance from the very start of the Cyclops' Cave level and Meowburt will be there outside of the cave entrance. Scratchpaw Effect: +1 Strength, +2 Agility (Xbox 360/PS3), +2 Strength, +2 Agility (PC/Remastered). The attack is useful for starting up juggles. PC/Remastered: Can be purchased for 325 gold. Move to the far left, where the door is located at. Monkeyface Effect: Increases the enemies' chance to drop food, gold, and weapons. Before going up the hill leading to the cave entrance of the Ice Castle level, the Yeti can be found behind the shack with the smoking chimney and side window lights on. Install Ball, Yeti, Chicken, and Golden Whale are the only Animal Orbs to appear in different The Behemoth titles; consequently, they're all cameos. Location: Snow Store. Location: Alien Ship. Located at the near beginning of the level. It can be purchased for 5,500 gold. PS3: Insane Store. In the graveyard, right under a mausoleum, there will be a dig spot. Required: Shovel. Near the end of the level, there will be a Saracen on a Camel with Zebra. Pazzo's shadow will reveal the general dig spot area, once Pazzo detects a dig spot. In: Animal Orbs, Mechanics View source Animal Ark and a few Animal Orbs as shown in the Animal Orb section of How to Play. Piggy Rammy Effect: Periodically knocks down enemies by ramming into them. Monkeyface is replaced by the Golden Whale Animal Orb in Castle Crushers Remastered on Insane Mode. Yeti Effect: Prevents the player from being frozen by ice-based attacks. Using the Sandwich item, later found in the game, remove the boulder, and enter the cave. Note: the Bomb placement is directly on the general area where Troll is floating at. To do this, the players will have to do the following steps: Player 1 first gets the pet that the other players wish to clone. There are 29 Animal Orbs in the game. Fairly easy to obtain, since the Saracen isn't faster than the player(s) when he's on the Camel. During the countdown phase of the level, there should be somewhat hard to see doorway. Player 2 proceeds to start up a solo game themselves. Mr. Buddy Effect: Allows you to dig faster. Required: Cardinal and the Key Sword. Near the entrance, there will be a cracked wall. BiPolar Bear Effect: Mauls enemies and bosses with 8% of their total health left and mauls Players and allies with 11 HP or less. Snoot will be immediately revealed. Beholder Effect: Magic +2 (Xbox 360/PS3), Magic +4 (PC/Remastered). After doing so, enter the open wall and move to the far right, Scratchpaw will be there. Makes no hesitation to outright kill the owner if health is critically low enough. Damage resistance to ice-based attacks. Cardinal Chicken Effect: Strength +1, Defense +1, Agility +1. Pazzo is replaced by the Ninja Claw in
